

SUNBIND

# SUNBIND

20mm wide diagonally cut and folded binding.

DIMENSIONAL STABILITY

UV / FADE RESISTANCE

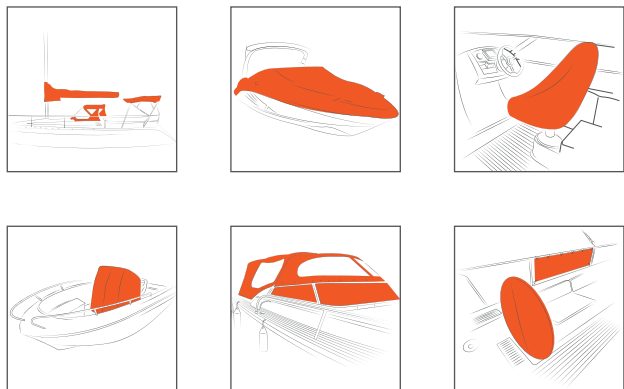

WIDE COLOUR RANGE

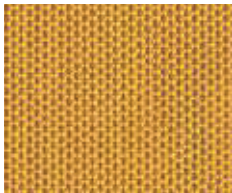

BLEACH CLEANABLE

Used to finish protective fabrics, Sunbind is made exclusively from Sunbrella solution-dyed acrylic. This binding is the benchmark for neat, long-lasting finishes.

**RECOMMENDED**

Sunbind, solution-dyed acrylic diagonally cut and folded, that provides a natural fold on the sides for intuitive assembly. With the same color-fastness, dimensional stability and resistance to mildew as Sunbrella fabrics, Sunbind is the ideal choice for lasting finishing touches to covers, cushions and more.

FINISH

SPECIAL MARINE TREATMENT

The excellent performance of Sunbrella fibres is due to the use of innovative and durable materials that are especially resistant to UV, fading, stretching, mildew and water. Sunbrella offers the best warranties in the industry and has been the trusted choice of the world's best-known boatyards and boaters for over 60 years.

The values of this product may vary depending on a tolerance variation of +/- 5%. We recommend that you do not mix different batches as there might be a slight variation in colour between two productions.
