**NL**

4 Outdoor Plush Velvet, ook wel bekend als velours of fluweel, is een zachte en glanzende stof voor buiten. De glans heeft een krachtige kleurdynamiek en geeft die luxe uitstraling wat velvet zo geliefd maakt!

Wat onze Plush Velvet zo bijzonder maakt, is dat het ook geschikt is voor buiten. Het materiaal is waterafstotend, 100% Solution Dyed Acryl, UV-resistent en gemakkelijk schoon te houden.

Zo kan er gekozen worden voor een neutrale kleur zodat de Plush Velvet mooi opgaat in de rest van je interieur of exterieur. U kunt echter ook voor een felle kleur gaan, deze kleur springt er dan uit waardoor de stoffering veel aandacht trekt.

**CARE AND CLEANING**    

For optimum care and cleaning please read the following instructions and recommendations.

**Cleaning instructions**

Brush off dirt before it becomes embedded in the fabric and wipe up spills or clean soon after a stain occurs. The quicker you clean spills and stains, the easier they can be to remove.

- Blot (don't rub) liquid spills with a clean, dry cloth.
- For oil-based spills, apply an absorbent such as corn starch, then remove with a straight edge.
- Spray on a mild cleaning solution of soap (such as Dawn or Woolite) and water.
- Rinse the fabric thoroughly to remove all soap residue.
- Air dry.

Tex'Aktiv Clean: Deep-acting, Powerful stain remover.

Tex'Aktiv Guard: Stain protection, Beading effect.

**EN**

4 Outdoor Plush Velvet, also known as velour, is a soft and glossy fabric suitable for outdoors. The Plush Velvet has a lustrous powerful colour dynamic, which gives the luxurious appearance that velvet is known for.

What makes our Plush Velvet so unique is that it is suitable for outdoor use. The fabric is water-repellent, 100% solution dyed acrylic, UV-resistant and easy to clean.

A neutral colour can be chosen so the Plush Velvet blends perfectly with the exterior or interior. On the other hand a bright-colour can be an eye catcher and the attention can be drawn to the upholstery.
