

VISION

A capsule collection of
classic & contemporary fabrics

VISION

Classic and contemporary fabrics, designed to perform.

Vision combines with our existing On The Road and Timeless collections to offer a new range of 33 items, bringing a contemporary touch and ageless patterns to our current fabric range.

EASY TO CLEAN

WATER & STAIN RESISTANT

UV/FADE RESISTANT

MOLD/MILDEW RESISTANT

BLEACH CLEANABLE

BREATHABLE COMFORT

	STANDARDS	AROMA	AVEIRO	COSTA	FLAVOUR	LUMY
COMPOSITION		100% Sunbrella® acrylic				97% Sunbrella® Acrylic & 3% Sunbrella Polyester
FINISH		Non PFAS, Water-Repellent & Stain-Proof				
MINIMUM USEFUL WIDTH	EN 1773	140	140	137	140	140
WEIGHT	ISO 3801 g/sqm	530	680	260	530	330
ROLL LENGTH	LM	30	25	50	30	50
SPRAY TEST	ISO 4920 Class/5	4	4	5	4	4
COLOUR FASTNESS UV INDOOR	ISO 105 B02 Class/8	8	8	8	8	8
COLOUR FASTNESS TO WEATHER OUTDOOR	ISO 105 B04 1000 h Class/5	4-5	4-5	4-5	4-5	4-5
FLAME RETARDANCY		All these fabrics pass the following certifications: BS 5852-1 source 0, Cal 117, NFPA 260, EN 1021-1 (cigarette test)				
CARE INSTRUCTIONS		     Ironing reinforces the treatment				

All the values have a +/-5% tolerance

Also available on special order with a flame-retardant backing that passes the following certifications: BS 5852-1 source 1, EN 1021-2 (match test), IMO FTP code part 8. Special order of 200 lm minimum per construction (with a possibility of mixing up to 4 colours). Increases fabric weight by 175 g/m².

Also available on special order with a waterproof backing that brings a waterproofness >1500 mm according to the schmerber test. Special order of 200 lm minimum per construction (with a possibility of mixing up to 4 colours). Increases fabric weight by 100 g/m².

SUNBRELLA®

A BRAND THAT CARES ABOUT THE ENVIRONMENT

From production to use, Sunbrella® fabrics combine quality with durability to reduce their impact on the environment.

PRODUCT LIFECYCLE MANAGEMENT

As part of its Sunbrella ReCycled offer, Sunbrella created the Endless Stories collection containing up to 50% recycled solution-dyed acrylic fibres. Our recycled fibres are sourced directly from production plants where waste is divided into colour groups and turned back into fibres. These fibres are then blended with the “virgin” Sunbrella fibres.

LESS WASTE

Our quality Sunbrella fabrics do not rot or fade and are highly resistant over time. As our fabrics do not need to be replaced as often as traditional fabrics, they generate less waste.

LOW WATER CONSUMPTION

In the solution-dyeing process, colour pigments are added to the core of the fibre, to guarantee colourfastness and save water. Throughout our manufacturing process, we take steps to reduce the amount of water we use, notably by recycling washing water through the installation of water treatment plants.

ZERO LANDFILL

For over 30 years, Sunbrella has recycled its industrial waste such as yarn and packaging. Today, every Sunbrella manufacturing facility around the globe sends absolutely no waste to the landfill.

5 YEAR WARRANTY

Sunbrella acrylic fabrics carry a 5-year limited warranty for indoor and outdoor applications against abrasion, pilling, loss of colour and strength in normal usage and exposure conditions. See general warranty conditions at : sunbrella.eu/warranty

NON PFAS

Our company has invested significant resources to find alternatives to PFAS (perfluoroalkylate) chemicals and has developed an optimal non-PFAS finish for all Sunbrella upholstery fabrics. Our fabrics will retain their water repellency, durability, bright colours, appearance, softness, texture, ease of cleaning and strength.

REACH REGULATION

Sunbrella has developed treatments designed and applied in strict compliance with European REACH regulations.

REACH is a European regulation designed to improve the protection of human health and the environment from the risks posed by chemicals, while enhancing the competitiveness of the EU chemicals industry.

GREENGUARD CERTIFIED

Sunbrella upholstery fabric has achieved GREENGUARD GOLD Certification. Sunbrella upholstery fabrics are certified by GREENGUARD as contributing to healthy indoor air by being a very low emitting interior product.

OEKO-TEX LABEL

A quality that meets human-ecological requirements. Awarded with the OEKO-TEX label (class II - products with direct contact to the skin), Sunbrella fabrics are produced without hazardous substances and do not pose a threat to health, the skin or the environment.
