CARE AND CLEANING

For optimum care and cleaning please read the following instructions and recommendations.

Cleaning instructions
Brush off dirt before it becomes embedded in the fabric and wipe up spills or clean soon after a stain occurs. The quicker you clean spills and stains, the easier they can be to remove.

- Blot (don't rub) liquid spills with a clean, dry cloth. For oil-based spills, apply an absorbent such as corn starch, then remove with a straight edge.
- Spray on a mild cleaning solution of soap (such as Dawn or Woolite) and water.
- Rinse the fabric thoroughly to remove all soap residue.
- Air dry.

Sunbrella Clean: Deep-acting, Powerful stain remover.
Sunbrella Restore: Stain protection, Beading effect.
